Keyhouse
Your practice partners.

Helping you to work smarter.

Keyhouse Desktop puts fee earners in total control of key information with four different modules that we built specifically for legal professionals: Accounts Ledger Enquiry, Bill Drafting & Production, Cheque Requisitions and Deeds & Wills Register.

The Desktop brings together all the key areas of your practice to give users access to matter ledgers, client details, time ledgers, bills, cheque requisitions and deeds/wills, as well as case management.

It will help you and your team to work smarter.

Key Features and Benefits

- Instant access to all the information you need through a single access point
- Instant access to ledger cards and undertakings
- Online cheque requisition feature goes directly to the bookkeeper so that no time is wasted
- Easy-to-use billing wizard produces draft bills quickly and efficiently
- New clients and cases can be set up in minutes
- File manager physically tracks files, deeds and wills and other papers
- Management and performance reporting gives accurate key performance indicators
- Fully integrates with Keyhouse Digital Dictation

With Keyhouse Desktop you and your team can access whatever practice information you need instantly from your screens. That means you can now offer your clients accurate answers quickly, send them up-to-date reports on cases and prove that their case is being managed effectively and efficiently.
